Never Have A Warm, Relaxing Shower Interrupted Again!

You Can Enjoy a Constant Supply of Hot Water with Tankless Water Heaters

With summer comes endless chores around the yard. Undoubtedly, you'll work up a sweat mowing the lawn, mulching the garden, cutting back tree limbs, and washing windows. After a day of heavy lifting, pulling and trimming, it's wonderful to take a hot shower and unwind.

There's something about a hot shower that's so relaxing. It soothes your muscles and loosens your body. The warm water is almost healing. It puts you in a better mind frame. Yet there's nothing more frustrating than when, seemingly out of nowhere, the hot water runs out! You're snapped back to reality by a steady stream of ice cold water in your face that quickly moves down your back. Your brief moment of bliss is over before you wanted it to be. No one likes it when all the hot water runs out. Well, you don't have to suffer from interrupted showers ever again. Today, a new type of water heater has been developed to provide you with a constant supply of hot water!

Tankless gas water heaters get their name because they don't possess a large tank where hot water is stored. Instead, they heat the water that you need when you need it. A tankless gas water heater warms to the precise temperature you desire by forcing water through the heat exchanger...and does so instantly.

As mentioned earlier, traditional water heaters contain a large, bulky tank. Inside the tank,

all of your home's hot water is stored. When you've used the stored water, as is the case when you take a long shower, wash clothing or run the dishwasher, you're out of luck! You're greeted by a not-so-friendly wave of cold water and then have to wait minutes, if not hours, for the tank to refill and reheat the water.

Tankless gas water heaters have many other advantages over traditional water heaters. They take up much less space in your home (that's valuable space you could use for storage) and are more energy efficient. Traditional water heaters must constantly heat the water stored in their tanks driving up your utility bill. Researchers have found that tankless gas water heaters have twice the lifespan when compared to conventional water heaters.

Call Steve Huff Plumbing at 423-239-8361, and we will send one of our highly trained technicians to your home to discuss how installing a tankless gas water heater can benefit you! You'll see for yourself the joys of having a constant hot water supply. Just think, after a hard day working in the yard, you can enjoy a hot shower even more knowing that you're saving money... and you won't be interrupted by a wave of ice cold water!

Take Care of Your Skin This Summer!

Each year, more and more people are diagnosed with skin cancer. It's more important than ever—during these long, hot summer days—that you take care of yourself... including your skin! Here are some helpful tips to consider while sitting outside watching a ballgame or working around the yard! Please, be careful!

- Apply SPF 30+ broad-spectrum, water-resistant sunscreen every two hours.
- If outside for extended stretches, take shade periodically.
- Wear sun-protective clothing that covers as much of your body as possible.
- Put on a broad-brimmed hat that shades your face, neck, and ears.
- Wear wrap-around sunglasses.

A Savory Summer Dish!

Ingredients

- 6 Roma (plum) tomatoes, chopped
- 1/2 cup sun-dried tomatoes, packed in oil
- 3 cloves minced garlic
- 1/4 cup olive oil
- 2 tablespoons balsamic vinegar
- 1/4 cup fresh basil, stems removed
- 1/4 teaspoon salt
- 1/4 teaspoon ground black pepper
- 1 French baguette
- 2 cups shredded mozzarella cheese

Directions

1. Preheat the oven on broiler setting.
2. In a large bowl, combine Roma tomatoes, sun-dried tomatoes, garlic, olive oil, vinegar, basil, salt, and pepper. Allow the mixture to sit for 10 minutes.
3. Cut the baguette into 3/4-inch slices. On a baking sheet, arrange the baguette slices in a single layer. Broil for 1 to 2 minutes, until slightly brown.
4. Divide the tomato mixture evenly over the baguette slices. Top the slices with mozzarella cheese.
5. Broil for 5 minutes, or until the cheese is melted.

Steve Huff Says...

*From the Desk
of Steve Huff*

We Value Your Time as Much as You Do!

If you're like most people in our society, life is flying by! Today, typically both adults in the household are working full-time jobs, and those jobs usually demand more time than full-time hours. You also are likely to have kids who, when not at school, are involved in several sports or maybe plays or scouts. Then, there are other commitments. Maybe you're active at your church? Maybe you volunteer?

Bottom line, your life is hectic. That's largely why people today value their free time more than anything else. When you get a breather from the fast pace, that's what you want to do—take a breath and relax! So, obviously, the last thing you want to deal with is a plumbing problem!

Unfortunately, plumbing problems pop up at the worst possible times. However, at Steve Huff Plumbing, we try and make the problem as pain-free as possible. We do that by working around your schedule and always being available. What do I mean? Let me explain...

Imagine a toilet backing up, and suddenly, you have water all over your floor. It's a giant mess, and you simply cannot get it unclogged. You flip through the phone book looking for a plumber. Sadly, most numbers direct you to a voicemail. But not at Steve Huff Plumbing. At Steve Huff Plumbing, we answer our phone with a live

person 24 hours a day, 7 days a week, 365 days a year. So, when you have an emergency, we're right there for you.

Better yet, our plumbers are available around the clock, too! If you have a problem in the wee hours of the morning, you can call us, and we can have someone to your door in no time. So, if we say you'll have someone at your home in an hour, that's when our professional plumber will be there.

At Steve Huff Plumbing, we know that every second of your day is valuable. That's why we wouldn't imagine wasting it. We want you to be able to get back to your normal schedule as soon as possible. So, the next time you experience an unexpected plumbing problem, give us a call at 423-239-8361. And feel free to let your friends and family know about us and our commitment to service! I'm sure they'd love to know about a company that would work around their day!

Thanks for reading, and have a great day!

Sincerely,

Steve Huff
